

Corporate Sponsorship Program

Diversity Jobsite and Disability Jobsite helps dynamic, driven organizations build inclusive and sustainable cultures.

Being named as Diversity Jobsite sponsor and supporter is truly an honour because it shows that your overall inclusion strategy is not just succeeding internally – and being recognised as top tier by one of the country's leading sources for diversity information.

To become a sponsor we offer several packages, which reflect the amount the particular sponsor wishes to invest, although individual packages are regularly negotiated.

As a PATRON sponsor, we are committed to ensuring you are recognized as Diversity and Disability Jobsite supporter and contributor to the advancement of employment.

How you choose to take advantage of the corporate sponsorship program is completely up to you. In fact, each sponsor uses the program differently.
